Hi David,

Would it be helpful to schedule a one-on-one meeting on Codex this Friday (before you go on leave next week)? You may be compressed, so let me know if it would be helpful to cover upcoming priorities.

Hi Claudia,

Apologies for the delay in responding, but yes, we received your nomination request. We will be processing shortly and let you know if you have any questions.

Our deadline for submitting nominations to the CCPR working group is November 30th, so it should be acceptable to send the additional nomination request. When do you anticipate sending the nomination materials to us?

Regards,

-Aaron

Dear Aaron and David,
Hope you are doing well!

I would like to ask your help with 2 questions.

Could you confirm the receipt of Chlorantraniliprole's nomination?

Could we send a new nomination?

We are working to complete the nomination form to Zeta-Cypermethryn.
FMC and IR-4 are expecting Zeta-cypermethrin's PRIA for February 4, 2021 with new US MRLs.

We appreciate the possibility to have this active ingredient consider by US Delegation.

Thanks and my best regards,

Dear Aaron and David!

We would like to submit one nomination for the CCPR Schedule/Priority List to US Delegation.

FMC is nominating Chlorantraniliprole on avocado (US data and label) and tea (Japan data and label).
FMC has current registrations in place and is developing new residue data.
Submission will be available in December 2021.

We hope to be considered at 2022 CCPR Schedule/Priority List for new uses.

We appreciate any comment or question you have.

Thanks and my best regards,

Subject: RE: U.S. CCPR Interest Group - October Kickoff Meeting for CCPR-52

Dear U.S. CCPR Interest Group,

We look forward to speaking with you today and have attached the meeting agenda for your reference (this can also be found attached to the meeting calendar notice).

We have also previously shared the CCPR Schedule/Priority List broadcast letter for new nominations for 2022 and beyond (issued by Karina Budd of the Australian Delegation). This letter is attached for your reference, along with the current CCPR Schedule/Priority List.

As we with previous years, the U.S. delegation will coordinate submission of U.S. nominations. If you are interested in making a nomination, please let the U.S. Delegation know as soon as possible and review the broadcast letter and addition instructions below.

U.S. Stakeholder Instructions

The Codex Electronic Working Group (eWG) on Priorities has requested additional nominations to the Priority List of Pesticides from the U.S. Delegation, to be considered at the next CCPR meeting. Nominations are due to CCPR by **November 30, 2020**.

Please aim to submit nominations to the US Delegation on or before **Friday, November 8, 2020**. To submit a nomination for consideration by the US Delegation to CCPR, please respond electronically to David Miller (Miller.DavidJ@epa.gov) and Aaron Niman (Niman.Aaron@epa.gov) and fill out the attached nomination form ("Nomination Form for CCPR Blank.doc"). Please also review the draft Priority Lists of Pesticides attachment for any updates (commodities, field trial information, etc.) or opportunities to reschedule currently scheduled compounds.

Information on the CCPR schedule and priority list is provided in the attached letter and Excel spreadsheet and also available on the "**CCPR-Priorities-2019**" Forum on the [Codex IT Platform](#). As described in the eWG broadcast letter and summarized below, the 2020 schedule is closed and open for nominations for 2020 and beyond.
